SUMMARY

Detail-oriented MCA student with a solid foundation in software development, web technologies, and cross-platform mobile app design. Experienced in developing full-stack projects using Flutter, Python, Java, C++, and MySQL. Demonstrates strong analytical and database management skills through hands-on project implementations. Eager to leverage programming and software engineering skills in a challenging entry-level IT role.

WORK EXPERIENCE

App Developer (Internship), SysInsight Solutions, Pune **Aug 2025 - Nov 2025**

- Designed and built the application architecture using Android Studio, Java, and XML, while exploring cross-platform capabilities with Flutter and Dart.
- Successfully developed and integrated core modules including an Attendance Tracker, Study Resources repository, and a Study Roadmap interface to enhance user engagement and app functionality.
- Implemented REST API integrations to fetch real-time data and manage user sessions securely.

EDUCATION

Master of Computer Applications (MCA) Pursuing **2026 - 2028**
Rajmata Jijau Shikshan Prasarak Mandal's Institute of Computer & Management Research.

Bachelor of Business Administration - Computer Application (BCA) **2022 - 2025**
MIT Art's Commerce and Science College, Alandi, Pune
- Final CGPA: 7.90

HSC (12th Science) **2021 - 2022**
Mahale Podar Junior College, Shrirampur, Maharashtra
- Final Percentage : 69.67 %

SSC (10th) **2019 - 2020**
D D Kachole Madyamik Vidyalay, Shrirampur, Maharashtra
- Final Percentage : 82.20 %

PROJECTS

resQ Nexus – Intelligent Inventory & QR Asset Network **Apr 2026 - May 2026**

- Engineered a Desktop GUI: Developed a responsive Python GUI using CustomTkinter for real-time asset management and inventory tracking.
- Optimized Data Pipeline: Integrated Pandas and OpenPyXL for seamless, Excel-backed data storage and automated backup workflows.
- Integrated Asset Utilities: Built core features including dynamic QR code generation/scanning, inward/outward stock movement tracking, and automated PDF invoice exporting.

SKILLS

- **Programming Languages:** Java, C, C++, Python, PHP, Dart.
- **App Development:** Android Studio, Flutter, XML, Jetpack Compose.
- **Web Technologies:** HTML, CSS, JavaScript, REST API.
- **Data Science & AI:** Data Analysis, Machine Learning Concepts
- **Databases:** SQL (MySQL), DBMS.
- **Soft Skills:** Problem Solving, Communication, Quick Learner.
